

Sprint 2 Report

Product: WinRate

Team: WinRate Development Team

November 3, 2019

Actions to stop doing:

- None

Actions to start doing:

- Creation of the Contact Book tab
 - The contact book tab is one of the high-level goals of the project, and work to complete it should begin now.
- Creation of the Life Counter Tab
 - Same as Contact Book.

Actions to keep doing:

- Integration of Room Database
 - Due to overall unfamiliarity with both Android Studio and the Room library, progress on fully understanding how to use the library has been slow.

Work completed/not completed:

- UI display for Game Log Entry table - Not Completed
 - Due to the aforementioned lack of progress with understanding Room, getting data from room to display in a UI table has not yet been achieved.
- Ability to add rows to the Room database tables has been added.
- App navigation bar and placeholder tabs have been created.

Work completion rate:

- All user stories have been completed, for a total of 16 story points
