

Sprint 4 Report

Product: WinRate

Team: WinRate Development Team

December 1, 2019

Actions to stop doing:

- None

Actions to start doing:

- General finishing touches on app UI.
- Creation of additional debug buttons in the settings tab.

Actions to keep doing:

- None

Work completed/not completed:

- Life counter has been successfully hooked up to Room database input and output. The tab can pull data from the opponent profile table, and can submit a new entry to the game log table.
- Statistics infographic is now fully functional, and displays accurate data pulled from the Room database.
- Both types of profiles have UI displays in the contacts book tab, and the user has the ability to add new entries.
- Settings page has function debug options.

Work completion rate:

- All user stories, as well as user story 3 from sprint plan 3, have been completed, for a total of 14 story points.
- All high level goals from the release plan have been completed.
