1. Chart disappears when entering Statistics tab

Cause (Input/Action): Swapping to another fragment via the navigation menu, then back to the Statistics fragment
Location: Statistics Fragment
Potential Fix: Lock chart onto fragment without reloading the fragment. Potential caching technique.

2. Chart does not update when "update chart" button is pressed

Cause (Input/Action): Press the "update chart" button
Location: Statistics Fragment
Potential Fix: Clicking the "No chart data available." text displays the chart

3. The "add contact" floating button snaps to the top left of the screen

Cause (Input/Action): Constant
Location: Contact Book Fragment
Potential Fix: Adjust the constraints in the coordinator layout
